OUT OF THE ORDINARY

SECRET SUITE WEDDINGS AT GARA ROCK

P . . . +

Perched on a secluded clifftop across from Salcombe, with out of this world views of Devon's coastline, we think Gara Rock is something special. And you will too, once you see it.

We don't do ordinary here, so if you're looking for somewhere with that real wow-factor to make your day extraordinary, Gara Rock is the destination for you.

Tucked away, at the end of winding rural lanes and with that far away quality, guests will feel they've stepped into another world as soon as they arrive. Especially when they see the stunning panoramic views.

From relaxed and intimate, to traditional and formal, our team will help you create the day you've dreamed of, just the way you want it.

SMALL AND INTIMATE

Let us introduce you to the Secret Suite, the most incredible spot to say, 'I do'.

It is separate from the main hotel, sitting on the cliff top with views of the endless blue sea. You can book the suite for two nights or more and enjoy your own private wedding, away from the rest of the world for up to 16 guests.
